DIRECTIONS

Remove protective cap. Hold dispenser upright with valve opening away from face. Push button completely down to release stream.

FOR CONTROL OF WASPS AND HORNETS:

Apply to the nest in the early morning or late evening when these pests are at rest. Aim valve opening at nest and depress button, soaking nest with the spray. Repeat as necessary. Avoid wetting vegetation with this spray as it will be damaged. Do not use as a space spray. Spray infested areas such as under porches, eaves, doors, and window frames.

OTHER USES - OUTDOORS ONLY:

For control of ants, clover mites, crickets, earwigs, millipedes, sow bugs and brown dog ticks: Spray infested areas thoroughly, including outside surfaces of screen frames, doors, window frames, foundations, patios, and other places where insects may enter to harbour. For ants, spray hills and runways. Repeat as necessary. Do not spray vegetation. Do not use as a space spray. Do not use indoors.

CAUTION

KEEP OUT OF REACH OF CHILDREN

May be harmful if swallowed, inhaled, or absorbed through skin. Avoid the breathing of spray mist and provide adequate ventilation of area being treated. Contact with skin, eyes and clothing should be avoided. Wash thoroughly with soap and warm water after handling. If poisoning occurs, get prompt medical aid. Avoid contamination of food, utensils, and food preparation areas. Dispose of empty container in garbage according to municipal and provincial regulations.

To physician: This product contains propoxur a reversible cholinesterase inhibitor. Atropine sulphate is antidotal.

DANGER

FLAMMABLE. Contents under pressure. Contains petroleum

distillates. Do not use near fire, heated surfaces or flame. Do not puncture or incinerate container. Do not expose to temperatures above 50'C. Avoid contamination of fish ponds. Remove pets and children from area before spraying.

NOTICE TO USER:

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
