REG. NO. 17268 P.C.P. ACT.

ART #D-247

DIRECTIONS FOR USE: Hagen Flea and Tick Powder for dogs is very effective against fleas on dogs. For control of fleas and ticks on dogs, dust powder liberally over the animal and rub thoroughly into the skin. Be sure to apply also to the feet, between the toes and on the legs. Comb out dead ticks a few hours after treatment. Hagen Flea and Tick Powder may be used to dust mother dogs. Repeat at weekly intervals if needed. For kennels and sleeping pads: Dust in and around quarters and other areas where ticks and fleas occur.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed or inhaled. Avoid storage near feed or food products. Sensitive dogs may exhibit temporary and non-harmful salivation. Minimize treatment around eyes or face. Do not use on puppies less than 8 weeks of age. Do not continue treatment if skin or nasal irritations develop. Do not treat eyes, or face or genital area. Do not use on sick animals, animals under drug or pesticide treatment. Before using on pregnant animals consult a

veterinarian.

FIRST AID: If in eyes or on skin, flush with clean water. If irritation persists, obtain medical attention. If accidentally swallowed obtain medical attention at once.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms of the label and subject thereto the buyer assumes any risk to persons or property arising out of the use or handling and accepts the product on these conditions.

TOXICOLOGY: Carbaryl is a cholinesterase inhibitor. Atropine is antidotal.

DISPOSAL: Discard empty container in household garbage.
