PENTOX® GREEN Wood Preservative product is a water repellent wood preservative containing 2.35% copper as in copper naphthenate and 0.075% Bis(Tri-n-Butyltin) Oxide in petroleum solvents.

DIRECTIONS FOR USE

For exterior use only. Not for use in dwellings. For above ground use only. Apply by brush only. Do not spray or dip. Wood surface to be treated should be dry and clean. Do not use the preservative, or treated wood where copper naphthenate may contaminate food, feed, or drinking water.

Remove all paint, varnish, wax, or any other coating that may prevent penetration. Allow to dry thoroughly before painting or re-coating. Use caution with some paint finishes as they may cause bleeding. Use as supplied - do not dilute. Do not apply to wood, or fabric, or any surface where prolonged skin contact may occur. May be used on greenhouse and garden timbers in close contact with non-food producing plants only. Carrier solvent must be allowed to dry before introducing plants to prevent phytotoxicity. Clean brushes with mineral spirits, then with detergent and water. Heavy lumber requires more treatment. Treat all new cuts and trims. Drying time: minimum 1 hour before handling.

FOR FABRIC USE

For use only on exterior industrial cotton fabric, awnings, etc.. Do not use on rubber coated, or synthetic fabric. Apply by brush, or swab only. Do not spray or dip.

PRECAUTIONS

KEEP OUT OF REACH OF CHILDREN. Keep container closed when not in use. Keep solution away from plants, foodstuffs and aquatic animals (toxic to fish). Harmful if swallowed, or inhaled. Avoid, breathing vapours, contact with skin, eyes and clothing. Good ventilation is necessary while treating. Wear rubber or plastic gloves and appropriate covering clothing, when applying this product or handling wet freshly treated wood. Wash thoroughly after use with soap and water and before eating or smoking. May cause skin irritation. Avoid skin contact. Do not use in saunas. Flammable. Keep away from open flame, spark, or excessive heat. Do not contaminate bodies of water. This product is toxic to fish.

FIRST AID

If on skin, promptly remove by washing with vegetable oil, or hand degreaser and then with soap and water. If irritation occurs, see physician. If splashed in eyes, flush with water for 15 minutes and call physician. If swallowed do

not induce vomiting. Call physician or poison control center immediately. Take container, label, or product name and Pest Control Product Registration Number with you when seeking medical attention.

NOTICE TO USER

This pest control product is to be used only in accordance with the directions on the label. It is an offence under the Pest Control Products Act to use this product in a way that is inconsistent with the directions on the label. The user assumes the risk to persons or property that arises from any such use of this product.

TOXICOLOGICAL INFORMATION

Product contains petroleum distillates, copper-napthenate and tri-butyl-tin-oxide. Treat as for ingestion of kerosene.

DISPOSAL & STORAGE

Do not reuse empty container. Dispose of empty container in household trash. Store unused product out of reach of children. Do not store in areas of excessive heat.
