DIRECTIONS FOR USE: General: SHAKE BEFORE USE. HOLD CONTAINER RIGHT. APPLY IN SHORT BURSTS. Use this product as a spot or crack and crevice treatment to control cockroaches, silverfish, fleas, ticks, and other insects listed below. Apply this product only as a coarse spray or crack and crevice treatment to localized areas where pests are found or may occur. Spray surfaces until wet. Repeat as needed.

FOR SPOT TREATMENT: To kill ants, cockroaches, crickets, silverfish, spiders, sowbugs, earwigs and carpet beetles: Spray area where these pests are found or may hide, including dark corners of rooms and closets, cracks and crevices in walls; along baseboards and door and window frames: behind and beneath sinks, stoves, refrigerators and cabinets and around garbage cans, plumbing and other utility installations. Pests driven out of hiding places should be sprayed directly. For ants apply to and trails, also around doors and windows and wherever else these pests may find entrances. Repeat as necessary.

TO KILL BROWN DOG TICK AND FLEAS: Thoroughly apply as a spot treatment to infested areas such as pet beds and resting quarters, nearby cracks and crevices, along and behind baseboards window and door frames and localised areas of floor and floor coverings where these pests may be present. Old bedding should be removed and replaced with clean fresh bedding after treatment. Do not spray pet with the product.

FLIES AND MOSQUITOES: Use only out of doors as an aid in reducing annoyance from these insects. Spray outside surfaces of window and door frames as well as other areas where the pests may enter. Also spray dark corners and localized areas (such as eaves) or porches, patios, garages where these insects may congregate. Flies and mosquitoes coming to rest on treated surfaces will be killed. Repeat treatment when necessary.

FOR CRACK AND CREVICE: To kill ants, cockroaches, crickets, silverfish, sowbugs, spiders, earwigs, brown dog ticks, fleas and carpet beetles: Apply spray in small amounts directly into cracks and crevices. Equipment capable of delivering a pin stream should be used in points between different elements of construction, between equipment and floors, openings leading to voids and hollow spaces in walls, equipment legs and bases where the above insects hide.

STORAGE: Store in a cool area away from heat or open flame.

DISPOSAL: Do not re-use empty container. Wrap container and put in trash collection.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. May cause skin

irritation. Avoid breathing vapours. Don't spray this product into the air. Avoid contact with skin. Wash hands after use. Avoid contamination of food or food processing surfaces. Remove or cover food and utensils before spraying. Do not use this product on any edible crop, or any edible areas of food processing, handling, packaging, or storage facilities.

This pesticide is toxic to fish. Do not apply directly to any body of water. Do not contaminate water by cleaning of equipment or disposal of waste.

Contents under pressure. Do not use or store near heat or open flame. Do not puncture or incinerate container. Exposure to temperatures above 50 'C may cause bursting.

FIRST AID: If on skin, wash with soap and water. If in eyes rinse with water. If irritation persists, consult a physician. If ingested, do not induce vomiting due to possible aspiration hazard. Consult a physician immediately.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
