ALBERTA PEST CONTROL SERVICES LTD.

1600 EDMONTON TRAIL N.E.

CALGARY 277-8272

RED DEER 346-5746

EDMONTON 438-2325

DIRECTION FOR USE: Shake well before use. Hold container approximately 30 cm from surface being sprayed and spray until wet. Spray outside surfaces of screens, doors, window frames, foundations, patios, light fixtures and other places where insects may alight, or congregate and enter. If reinfestation occurs, repeat applications as necessary. KEEP PETS AND CHILDREN AWAY FROM SURFACE UNTIL DRY.

WASP AND HORNET NESTS: releases a fine spray that allows treatment of nests from one meter away. Treat at night or late evening when insects are inside the nest. Apply spray with 2-3 seconds bursts directly into the nest opening so that the liquid contacts the inside of the nest. If unable to spray directly into the nest, a heavy residual spray around and into the opening where insects gain entrance will eventually eliminate the pests. Repeat as necessary.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. FLAMMABLE. Contents under pressure. Do not puncture or incinerate. Do not expose to temperatures over 50 deg C. Do not use near open flame. Do not smoke while using. Avoid contact with eyes, skin or clothing. Do not spray towards eyes. Harmful if swallowed, inhaled or absorbed through the skin. Avoid breathing of spray mist and use with adequate ventilation. Do not use as a space spray. Remove pets before spraying.

FIRST AID: If on skin, wash with soap and water. If in eyes, rinse with plenty of water. If irritation persists, consult a physician. If accidentally ingested obtain immediate medical attention. Propoxur is a mild cholinesterase inhibitor. Atropine is antidotal.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

DISPOSAL: When container is empty, press button to release all pressure, then wrap and dispose in household garbage. Do not puncture or incinerate.
