Lathrin Concentrate (1 to 3) is a synthetic pyrethroid specially formulated by Later Chemicals. This product has low toxicity.

DIRECTIONS FOR USE: Mix 1 part of this product with 3 parts of fresh water and shake vigorously. An empty container from Later's Ready to use Lathrin Insect Spray may be used as a dispenser for this diluted solution.

For indoor and outdoor ornamental plants such as African Violets, Azaleas, Ash, Begonias, Camellias, Chrysanthemums, Daisies, Geraniums, Ivy, Junipers, Marigolds, Peonies, Philodendrons, Pyracantha, Roses and Zinnias. To control Aphids, Japanese Beetles, Plant Bugs, Spittle Bugs, Thrips (exposed) and Whiteflies, spray both upper and lower surfaces of the leaves. For outdoor plants, spray in the late evening or on a cloudy day. To prevent leaf burn, do not spray during hot, bright sunshine and avoid heavy wetting. Repeat as necessary.

FOR HOUSEHOLD INSECTS – Flying or Crawling – such as Ants, Centipedes, Cockroaches, Earwigs, Flies, Mosquitoes, Spiders and Wasps, spray directly on insects where possible and treat the areas where insects hide. Repeat as necessary.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Harmful if swallowed. Avoid contamination of feed and foodstuffs. Cover or remove fish bowls. Remove pets and birds. Do not use on edible crops.

FIRST AID: **If swallowed**, contact a doctor or poison control centre IMMEDIATELY. **If in eyes**, flush with water for 15 minutes and get medical attention. **If on skin**, wash with soap and water. Take container, label or product name and P.C.P. Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION : Treat symptomatically.

DISPOSAL: Do not reuse empty container. Wrap container and discard in household garbage.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and, subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.
