PEST CONTROL PRODUCTS ACT

NET WEIGHT: 5.7 G

Manufactured in France for:
Francodex Laboratories Inc.

P.O. Box 162209
Fort Worth, Texas
76161
USA

Contains: One Collar

PRECAUTIONS: DO NOT ALLOW CHILDREN TO PLAY WITH COLLAR. Before use on pregnant, lactating or sick animals or on animals under drug or other pesticide treatment, consult a veterinarian. Do not use on kittens under 8 weeks of age. Remove at first sign of irritation or adverse reaction and shampoo the animal with a non-pesticidal shampoo. If reactions persist, consult a veterinarian.

DIRECTIONS FOR USE: TO RID CATS OF FLEAS, place the collar around the cat's neck, buckle, cut off excess length and discard in garbage. The collar must be worn loosely so that two fingers can be placed between the collar and the cat's neck. Activity

against fleas starts within 24 hours, reaches maximum effectiveness in one week and continues up to 90 days. Replace collar when effectiveness diminishes. The collar should be removed before bathing.

For effective flea control, treatment of the pet must be combined with cleanup and sanitation of any area used by the pet. Vacuum floors, carpets and furniture (discard vacuum bag after use) and wash the pet's bedding, living quarters and surrounding areas.

STORAGE: Store in a cool dry area.

DISPOSAL: Do not reuse empty pouch, box or collar. Wrap in newspaper and put in garbage collection.
