A Family Company (logo)

DIRECTIONS: SHAKE WELL BEFORE USING. Hold can upright while spraying.

TO KILL HOUSE PESTS: Flying Insects: Flies, mosquitoes, wasps, gnats and flying moths. Close doors and windows. Direct mist upwards in sweeping motion to all parts of the room especially windows and other light sources. Apply 6-10 second burst per 30m³ of space. Whenever possible, keep doors and windows closed for 15 minutes after each treatment. Also direct mist into areas where insects are present. Keep spray at least 1m from interior walls, fabrics and furniture.

TO KILL GARDEN PESTS ON FLOWERS AND ORNAMENTALS. Chewing Insects: For insects on Asters, Azaleas, Begonias, Chrysanthemums, Dahlias, Delphiniums, Gladiolas, Irises, Marigolds, Petunias, Roses, and Snapdragons, Evergreens, small Deciduous trees, shrubs and vines: Carefully spray with slow sweeping motion keeping 30 to 45 cm away from the plants to avoid wetting the foliage. A light spray kills pests effectively. Spray only when air is still and temperature is under 32°C. Do not spray in direct sunlight - early morning or evening preferred. Use with caution on young plants and new growth. Insects must be contacted by spray to be killed.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat, or store at temperatures over 50°C. Cover fish bowls and remove pets for one hour when spraying rooms. In homes or dwellings, remove or cover all exposed foods and cooking utensils before spraying. Avoid contact with skin, eyes, clothing. Avoid inhalation of spray. Wash after using. Keep from freezing. Do not use on Maiden Hair ferns. Do not use on vegetable crops.

FIRST AID: In case of contact, with eyes or skin, flush with water. If irritation persists, obtain medical attention. If accidentally swallowed, contact physician or poison control centre at once. Take container, label and Pest Control Product Registration Number with you when seeking medical attention.

TOXICOLOGICAL INFORMATION: Treat symptomatically.

DISPOSAL: When container is empty, press button to release all pressure then dispose in household garbage. Do not puncture or incinerate.
