PEST CONTROL PRODUCTS ACT

Manufactured by

SANEX INC.

SANEX INC.

2695 Slough Street

Mississauga, Ontario

L4T 1G2

DIRECTIONS FOR USE: Mix well as directed below. If the mixture becomes milky white, it indicates good emulsion. Do not use if it does not emulsify. If the mixture does not emulsify, add household detergent and mix until the oil disappears and the solution becomes milky white. Consult your Provincial Spray Calendar for complete details regarding use of spray oils. Avoid spraying during or immediately prior to hot weather (over 30°C), hot dry winds, rain or other unsuitable weather conditions. Wet all parts of plants and pests thoroughly, supply as a forceful spray. Make new spray for each use and do not store diluted

spray. Spray when pests are present and as recommended below.

FOR SUMMER USE: To control scale insects, red spider mites, and mealybugs on dormant shrubs, evergreens (note caution) woody plants, fruit trees and shade trees, use 20-30 mL Dormant Oil Spray per litre of water.

CAUTION: Avoid spraying when temperature is excessively high or when plants are suffering from droughts, winterburns or broadleaf evergreens at temperature around freezing. Do not use on maidenhair fern, Japanese maples, beach, hickory walnut or butternut or conifers not tolerant to oil sprays such as blue spruce, white pine cedars and junipers. Do not use on woody plants unless specified. Do not use on Delicious apples in delayed dormant stage.

PRECAUTIONS: Wash hands after use. Harmful if swallowed. KEEP OUT OF REACH OF CHILDREN. Avoid inhalation of spray dust. Keep in original container during storage.

FIRST AID: This product contains petroleum distillates. If swallowed do not induce vomiting, but obtain prompt medical attention, taking patient and container to doctor or nearest hospital. If patient is unconscious, give air.

DISPOSAL: Do not allow children to play with empty container. Dispose in household garbage.

NOTICE TO BUYER: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons and property arising from the use or handling of this product and accepts the product on that condition.
