A ready to use insect powder for the control of insects such as cockroaches, ants, silverfish and crickets.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

NATURE OF RESTRICTION: For sale only to pest control operators, farmers, and persons authorized in government approved pest control programs, where the vendor maintains a record of sales, including the name, address and signature of the purchaser together with the quantity of the product purchased.

RESTRICTED USES:

DIRECTIONS: Sprinkle or blow powder in a thin layer along baseboards of every room infested, into cracks and mouldings, in corners, behind cupboards and sinks, in drawers etc. Apply liberally with a good duster wherever the

insects are present. Apply with powder gun or blower to cracks and crevices where insects hide. Leave undisturbed for two weeks.

PRECAUTIONS: Avoid swallowing, inhalation and skin contact. Cover or remove food, dishes and cooking utensils before applying. Cover exposed food or produce and equipment. Avoid pantry shelves and other places where food is stored. Do not apply to damp or wet surfaces. Avoid contamination of food, feed and water supplies. Any treated surfaces that may contact food should be washed and rinsed thoroughly. Wash after using. Keep out of reach of children. Keep in original container and destroy when empty. Call a doctor in case of accident.

TOXICOLOGY: Digitalis hypo and 10 grains of calcium gluconate I.V. is recommended.

FIRST AID: If accidentally swallowed, induce vomiting. Follow this up with a drink of lime water, milk of magnesia or a 1% solution of calcium chloride. Apply artificial respiration if breathing has stopped. Keep victim warm. Call a physician.

LIMITATION OF WARRANTY: Seller's guarantee shall be limited to the terms set out on the label and subject thereto, the buyer assumes the risk to persons or property arising from the use or handling of this product and accepts the product on that condition.

This label transcript service is offered by the Pest Management Regulatory Agency to provide efficient searching for label information.
