WOOD-TREATING INSTRUCTIONS

Use to protect and preserve wood wherever it is subject to attack by rot, fungi and mildew. For the preservation of exterior seasoned wood products. For exterior use only. Not for use in dwellings. For above ground use only. Apply to wood surface by brush only for on site field applications. For Industrial Use only in commercial spraybox, flow coating or dip tank equipment which is free of leaks. Equipment must have provision to eliminate or contain mist, overspray, drips and spillage into the surrounding environment. Use of this product in industrial settings requires adequate engineered ventilation and containment measures in the treating area and in the area where wood is dried. Do not use the preservative or treated wood where Zinc Naphthenate may contaminate food, feed or drinking water.

APPLICATION SITE

Can be used to preserve exterior wood above ground. Wood to be treated should be dry and well seasoned. Apply two brush coats per 2.5 cm of thickness. All wood should be treated after all cuts are made and before use in the structure.

FIRST AID INSTRUCTIONS

If swallowed, do not induce vomiting. Call physician immediately. If splashed in eyes, flush with clean water for 15 minutes and contact a physician. In case of skin contact, remove the product from the skin promptly by washing with vegetable oil or hand degreaser and then with soap and water.

TOXICOLOGY:

Contains petroleum distillate and Zinc Naphthenate
Treat as for ingestion of kerosene

NOTICE TO USER

This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

PRECAUTIONS

Avoid breathing vapor. Harmful if swallowed or inhaled. Use a cartridge respirator appropriate for the job conditions, e.g., poorly ventilated areas. Wear rubber or plastic gloves and appropriate covering clothing when applying this product. Wash thoroughly after use with soap and water before eating and smoking. Keep container closed when not in use. May cause skin irritation. Avoid skin contact. Flammable. Do not use near open flame or spark. Do not store in areas subject to excessive heat. Keep out of reach of children and animals. Do not contaminate bodies of water. This product is toxic to fish.

DISPOSAL

Rinse the emptied container thoroughly and add the rinsings to the treatment site. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning. Dispose of the container in accordance with provincial requirements. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environmental Protection Service, Environment Canada. For small spills, recover free liquid, soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA.

PHYSICAL PROTECTION

Inhibits water marking of the wood. Can be painted after drying for 24 hours. For wood containing resins and other materials, weathering will enhance paint adhesion. This colorless product offers a penetrating fungicide which will not bloom.

KEEP OUT OF REACH OF CHILDREN
