MORESTAN (R)

TECHNICAL

FOR USE IN MANUFACTURING, FORMULATING OR REPACKAGING

READ THE LABEL BEFORE USING

GUARANTEE: Chinomethionat.....90%

REGISTRATION NO. 22287 PEST CONTROL PRODUCTS ACT

PRECAUTIONARY STATEMENTS

DANGER - POISON

CORROSIVE TO EYES

KEEP OUT OF THE REACH OF CHILDREN

Causes irreversible eye damage. May be harmful if swallowed, inhaled or absorbed through the skin. Do not get in eyes. Avoid contact with skin and clothing. Wear latex or neoprene gloves and rubber apron. Avoid prolonged breathing of dust. Wear goggles, face shield, or safety glasses. Wash thoroughly with soap and warm water after handling. Remove and wash contaminated clothing with soap and hot water before reuse.

If MORESTAN Technical is contacted under conditions of bright sunlight, particularly if wind is present, some persons may experience a skin reaction on exposed parts of the body similar to sunburn. If exposed to MORESTAN Technical under these conditions, it is recommended that sufficient clothing be worn to cover most body areas and that a suitable sun-screen lotion such as Uval (Dome Laboratories) or Solbar (Person and Covey), be applied to body areas necessarily left uncovered, such as the neck and face.

DIRECTIONS FOR USE: To be used only in the manufacture of an insecticide-miticicide which is registered under the Pest Control Products Act. Read the technical bulletin for formulation details.

FIRST AID

If in eyes: hold eyelids open and flush with a steady, gentle stream of water. Get medical attention immediately. If on skin, wash immediately with soap and warm water. If irritation occurs,

get medical attention. If swallowed, drink promptly a large quantity of milk, or if milk is not available, large quantities of water. Get medical attention or call a Poison Control Centre immediately. Avoid alcohol. If inhaled, remove to fresh air. If not breathing, give artificial respiration, preferably mouth to mouth. Get medical attention.

NOTE TO PHYSICIAN: No specific antidote is available. Treat symptomatically. Probable mucosal damage may contraindicate the use of gastric lavage.

STORAGE AND DISPOSAL

Pesticide Disposal: Do not contaminate water, food or feed by storage or disposal. Pesticide wastes are toxic. Canadian formulators of this technical should dispose of unwanted active in accordance with municipal or provincial regulations. If product cannot be disposed of by use according to label instructions, contact the Provincial Regulatory Agency or the manufacturer.

Container Disposal: Do not reuse empty container. Canadian formulators of this technical should dispose of empty container in accordance with municipal or provincial regulations. For additional details, consult the Provincial Regulatory Agency or the manufacturer.

Store in a cool, dry place and in such a manner as to prevent cross contamination with other pesticides, fertilizers, food, and feed. Store in original container and out of the reach of children, preferably in a locked storage area. Handle and open container in a manner as to prevent spillage. If the container is leaking or material spilled for any reason or cause, carefully sweep material into a pile. Refer to Precautionary Statements on label for hazards associated with the handling of this material. Do not walk through spilled material. Dispose of pesticide as directed above. In spill or leak incidents, keep unauthorized people away. Wash area with strong lye solution.

ENVIRONMENTAL HAZARDS

This product is toxic to fish. Do not discharge effluent containing this product directly into lakes, streams, ponds, estuaries, oceans, or public waters. Dispose of unwanted product in accordance with municipal or provincial regulations. For additional details, consult the Provincial Regulatory Agency or the manufacturer.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offense

under the Pest Control Products Act to use a control product under unsafe conditions.

MORESTAN is a Reg. TM of Bayer AG, Leverkusen.
