DIRECTIONS FOR USE: Shake well before using. Point valve opening  
away from face and push button, holding can upright.

FLYING INSECTS: To control flies, gnats, mosquitoes and wasps-

Close doors and windows. Direct mist upwards to all parts of the room, especially windows and other light sources. Spray 6-11 seconds per 30 cu.m of space. For best results leave the room closed for 15 minutes after each treatment and before ventilation. Also direct mist into areas where insects are present. Keep spray at least 1 m from interior walls, fabrics and furniture.

**CRAWLING INSECTS:** To control cockroaches, ants and silverfish-Spray hiding places such as baseboards, moist areas, openings around sinks, drains and pipes, behind cabinets and storage areas. Spray ant trails around door sills, window frames, or in ant nests. Insects must be contacted to be killed.

**BED BUGS:** Spray mattress, particularly around seams and tufts. Take beds apart, spray all joints. Repeat as required.

Ensure proper ventilation after sealed areas have been treated.

**PRECAUTIONS:** Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture or incinerate can or store at temperatures over 50 deg C. Flammable mixture. Product contains petroleum distillate. Do not spray into or near fire or open flame. Do not remain in treated areas. Do not spray directly on food or utensils. Remove fish bowls and bird cages before spraying. Do not spray closer than 1 m to fabric. Harmful if swallowed, inhaled or absorbed through skin: avoid contact with skin, eyes, clothing and inhalation of spray mist. Wash hands after using. In food processing plants and food service establishments, apply only when the plant is NOT in operation. Remove all food before treatment. Cover all food processing surfaces and thoroughly clean with potable water before resuming operation. In dwellings, remove or cover all exposed foods and cooking utensils before spraying. Keep out of reach of children. Do not use in nurseries or rooms where infants, ill or aged persons are confined.

**DISPOSAL:** Dispose of container in regular garbage.

In meat packing and food processing plants, only spray when plant is not in operation. No exposed meat products, ingredients or packaging materials to be left in the room and cover food handling equipment. Any treated surface that may contact meat food products or other food products should be washed and rinsed thoroughly with potable water after spraying and before re-use for food processing.

**FIRST AID:** Product contains Petroleum Distillate. If swallowed, do NOT induce vomiting. Obtain medical attention immediately.

If in eyes, flush with plenty of clean water. If on skin, wash with soap and water. If irritation persists, obtain medical attention.

NOTICE TO USER: This Control Product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.

LIMITATION OF WARRANTY: Seller's guarantee shall be limited to the terms set out on the label and subject thereto. The buyer assumes the risks to persons or property arising from the use or handling of this product and accepts the product on that condition.

FOR INDUSTRIAL USE ONLY - NOT FOR RESALE.
