DIRECTIONS:

INDUSTRIAL RECIRCULATING WATER COOLING TOWERS:

BIOMATE 731 is recommended for the control of bacterial growth in recirculating cooling water systems. Add directly to recommended point of use. Do not mix with other chemicals. Initial shock dosages of 5 to 10 ppm are recommended for control. When control is achieved, dosage levels may be reduced to 2.5 to 10 ppm or

applied less often. Badly fouled systems should be mechanically cleaned before treatment.

CAUTION: MAY CAUSE INJURY TO THE EYES. MAY BE HARMFUL OR FATAL IF SWALLOWED. Do not get in eyes, on skin, on clothing. Wear goggles or face shield and rubber gloves when handling. Avoid breathing vapour or mist. Do not take internally. Wash thoroughly after handling.

FIRST AID: In case of eye contact, immediately and continuously flush eyes with plenty of water for at least 30 minutes. Prompt medical consultation is essential. In case of skin contact, wash with soap and plenty of water. Remove and wash contaminated clothing before reuse. If swallowed, induce vomiting. Repeat until vomit is clear. Avoid alcohol. Call a physician immediately. Never give anything by mouth to an unconscious person.

TOXICOLOGICAL INFORMATION: If burn is present, treat as any thermal burn, after decontamination. No specific antidote. Treatment based on judgement of the physician in response to reactions of the patient.

DISPOSAL:

1. Rinse the emptied container thoroughly and add the rinsings to treatment site.
2. Follow provincial instructions for any required additional cleaning of the container prior to its disposal or reconditioning.
3. Dispose of the container in accordance with provincial requirements.
4. For information on the disposal of unused, unwanted product and the cleanup of spills, contact the regional office of Environment Canada.
5. For small spills. Recover free liquid. Soak up residue with solids absorbent. DO NOT FLUSH INTO SURFACE STREAMS. INFORM ENVIRONMENT CANADA AS IN #4.

NOTICE TO USER: This control product is to be used only in accordance with the directions on this label. It is an offence under the Pest Control Products Act to use a control product under unsafe conditions.
