PEST CONTROL PRODUCTS ACT

Fisons Horticulture Inc.  
600 - 25 Watline Avenue  
Mississauga, Ontario  
L4Z 2Z1

DIRECTIONS: Remove protective cap. SHAKE WELL BEFORE USING.  
Press button and hold can upright while spraying.

FLYING INSECTS: Flies, mosquitoes, flying moths, gnats, wasps.  
Spray 6-10 seconds per 30 m<sup>3</sup>. Close windows and doors. Spray  
longer for wasps and hardier insects. Ensure proper ventilation  
after sealed areas have been treated and clean up dead insects.

CRAWLING INSECTS: Cockroaches, silverfish, crickets, spiders,  
centipedes, carpet beetles, bedbugs. Hit these insects directly  
with spray.

GARDEN INSECTS: Aphids, mites, thrips, leafhoppers,

caterpillars, climbing cutworms, Japanese beetles that attack plants such as roses, gladioli, azaleas, dahlias, asters, chrysanthemums, marigolds, petunias, iris, delphiniums and other flowering plants, evergreens and deciduous shrubs, indoor house plants such as English Ivy and African violets. Release spray in short bursts, holding at least 45 cm from plants. Avoid wetting. A light spray kills pests. Spray when air is still. Never spray in direct sunlight. Hit these insects directly with spray.

PRECAUTIONS: KEEP OUT OF REACH OF CHILDREN. Avoid contaminating food, milk or utensils. Avoid inhalation. Remove birds, pets from room being sprayed. Cover or remove fishbowls for one hour.

FIRST AID: If on skin wash with soap and water. If in eyes flush with water. If irritation persists obtain medical attention. If accidentally swallowed obtain prompt medical attention.

DISPOSAL: When container is empty press valve to release all pressure, then dispose with household garbage.

WARNING: Contents under pressure. Do not puncture or incinerate can. Do not store at temperatures above 49°C or in direct sunlight. Do not place in hot water or near radiators, stoves or other sources of heat. Do not spray into or near any open flame.
