DISINFECTANT AND DEODORIZER

Destroys odour causing bacteria. Disinfects and deodorizes surfaces through effective bactericidal and fungicidal activity. Kills Staph, and Strep, organisms. Pseudomonas aeruginosa, Tubercle bacilli, Salmonella choleraesuis and Trichophyton interdigitate (athlete's foot fungi) on hard surfaces and controls odours. Kills influenza A2 virus on environmental hard surfaces.

DIRECTIONS FOR USE: For disinfecting and deodorizing garbage cans, diaper pails, clothes hampers, storage areas, toilet seats, sinks, basins, shower stalls, and animal areas (minus animals):

1. Hold can as nearly upright as possible, approximately 15-20 cm from surface to be sprayed.
2. Spray until surface is covered with a fine mist. For disinfection wait 60 seconds.

PRECAUTION: Contents under pressure. Do not place in hot water or near radiators, stoves or other sources of heat. Do not puncture nor incinerate container even when empty. Do not store at temperatures over 50°C. Keep away from open flame or spark. Do not use on polished wood furniture, rayon fabrics or acrylic plastics.

FIRST AID: If sprayed in eyes or on skin flush with water. If irritation persists, get medical attention.
