

Evaluation Report for Category B, Subcategory 1.1 Application

Application Number: 2019-1045
Application: New TGAI (Product Chemistry) - New site, same registrant
Product: PMV-01
Registration Number: 33108
Active ingredient (a.i.): Pepino mosaic virus, strain CH2, isolate 1906
PMRA Document Number: 3009987

Purpose of Application

The purpose of this application was to register a new formulating site for the end-use product PMV-01.

Chemistry Assessment

The registrant submitted an attestation that the manufacturing methods, potency estimation analysis, and microbial contamination analysis for the new formulating site are identical to those that are currently registered. This supports the new formulating site of PMV-01.

Value, Health and Environmental Assessments

Value, health and environmental assessments were not required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information sufficient to support the new site for PMV-01.
