

Section 12 Notice Additional Information Required to Fulfill the Terms and Conditions for Conditional Registration

Product Name: *Pantoea agglomerans Strain C9-1*
Registration Number: 98391
Application Number: 2005-2075
PMRA #: 1419873

During the conditional registration period which has been granted to *December 31, 2008*, the following information is to be generated and must be provided to the Pest Management Regulatory Agency by ***December 1, 2007*** and should indicate the DACO numbers specified. A partial response to the outlined Terms and Conditions will not be accepted.

Part M2 PRODUCT CHARACTERIZATION AND ANALYSIS

DACO: M2.7.1i
Title: Origin, derivation, and identification of the MPCA(s)

Deficiencies: NuFarm Agriculture Inc. Did not submit a strain-specific method for identification of the microbial pest control agent (MPCA).

Required DATA: Development of a molecular method to permit unique identification of the MPCA from other (wildtype and biological control) strains of this species will be required. The method of McManus and Jones (1995. *Phytopathol.* 85(2):1547-1553) is suggested as a method that could satisfy this requirement.
