

## Proposed New Uses and / or Uses to be Withdrawn from the Label

In this form, there are several rows that allow you to input for multiple Sites of Use and Pests. For each Site of Use, please use a separate row. However, for each Site of Use, you can list multiple pests.

|                                      |                                 |              |                                              |
|--------------------------------------|---------------------------------|--------------|----------------------------------------------|
| <input checked="" type="radio"/> New | <input type="radio"/> Withdrawn | Site of Use  | Succulent Beans                              |
|                                      |                                 | Pests        | Diseases                                     |
| <input checked="" type="radio"/> New | <input type="radio"/> Withdrawn | Site of Use  | Mustard (oilseed and condiment variety only) |
|                                      |                                 | Pests        | Diseases                                     |
| <input checked="" type="radio"/> New | <input type="radio"/> Withdrawn | Site of Use  | Sunflowers                                   |
|                                      |                                 | Pests        | Diseases                                     |
| <input checked="" type="radio"/> New | <input type="radio"/> Withdrawn | Site of Use  | Alfalfa grown for seed production            |
|                                      |                                 | Pests        | Diseases                                     |
| <input checked="" type="radio"/> New | <input type="radio"/> Withdrawn | Site of Use  | Succulent Peas (edible-podded and shelled)   |
|                                      |                                 | Pests        | Diseases                                     |
