Evaluation Report for Category B, Subcategory 1.3 Application

Application Number: 2025-2488
Application: Changes to Technical Grade Active Ingredient Product Chemistry - Specifications
Applicant: Valent Biosciences LLC.
Product: AVEO Technical Powder
Registration Number: 33679
Active ingredient (a.i.): *Bacillus amyloliquefaciens*, strain PTA-4838
PMRA Document Number: 3760959

Purpose of Application

The purpose of this application was to amend the manufacturing process of AVEO Technical Powder.

Product Characterization and Analysis

Manufacturing method information on fermentation medium components was reviewed and found to be acceptable. The technical grade active ingredient manufactured according to the new manufacturing method is expected to be toxicologically equivalent to the existing registered technical grade active ingredient. No additional information or data were required.

Health, Environment, and Value Assessments

Health, environment, and value assessments were not required for this application.

Conclusion

The Pest Management Regulatory Agency has completed an assessment of the information provided, and has found the information acceptable to support the amendment to the manufacturing process of AVEO Technical Powder.
